

Windeyer Wandering

The Northstar Windeyer is a fine touring caravan for a travelling couple

The interior finish of the Windeyer is very tidy

The microwave is fitted above the sink

Loads of storage space

The leather lounge/dinette features a multi-position rectangular table

Big fridge-freezer console in the Windeyer

The kitchen is practical and stylish

Touring caravans should be built for comfort, not for spartan living, and that's just what you get with the Northstar Windeyer. This is a comfortable caravan designed specifically for long-range touring with all the comforts of home at your fingertips.

The open layout, high level of accessories and classy finish make the Windeyer an ideal rig for a touring couple.

Incidentally, Northstar caravan models are all named after gold rush regions of the NSW mid-west.

EXTERNAL FEATURES

The Northstar Windeyer is a handsome caravan with fully insulated aluminium

cladding over a timber frame, along with a one-piece marine-ply bonded floor with waterproofing. It's built on a SupaGal steel chassis with dual beam axles on spring and rocker suspension. A 64L water tank is fitted underneath.

A pair of gas bottles ride on the A-frame ahead of a roomy boot protected by an anodised checker plate stone shield.

Along the flanks is a strip of protective checker plate at floor level, while on the kerb side is a roll-out awning, external lights and power point.

At the rear is a heavy-duty bumper with spare wheel and the strength to carry additional gear such as jerry cans or bike racks.

Up top is a roof-mounted air conditioner and Winegard TV antenna.

INTERNAL FEATURES

The Windeyer is a rear-door configuration, with bathroom at the rear, dinette and kitchen in the mid section and bedroom up forward.

The bathroom is quite spacious and luxurious, with a full-sized separate shower cubicle, Thetford toilet and an oval ceramic vanity basin set in an extensive bench. There is an immense amount of storage space in the bathroom, as well as plenty of room for a couple to move.

The L-shaped lounge/dinette is of comfortable leather, with a big swivelling rectangular table.

KEY FEATURES

One-piece floor
Chequerplate trims
Shielded water tank
SupaGal chassis
Dual battery pack
TV and swivel arm
128L fridge
Leather lounge/dinette
Roof air-conditioner
12V downlights
Radio/CD/DVD player
Four speakers
Queen-sized bed
Full bathroom
Practical kitchen

Glass cover over the cooktop

The dinette has plenty of space for four to dine in comfort or play cards etc. Forward of the dinette is the fridge/freezer console. There is ample storage above and beneath the lounge.

Opposite the dinette is the kitchen, featuring a four-burner cooktop and grill, stainless steel sink and loads of bench space. Beneath the bench are plenty of cupboards and drawers, while above are storage lockers, rangehood and microwave.

The bedroom features a queen-sized bed and is very bright and airy. Wardrobes, bedside tables, drawers and cupboards flank the bed, and there are storage lockers above the bedhead and at the foot of the bed.

The overall interior of the Windeyer is very stylish and well finished.

SUMMARY

Touring caravans really do need to be comfortable, and the Northstar Windeyer certainly is that. It is well laid out, as comfortable as you'd need, and is eminently suited for the long trip. ■

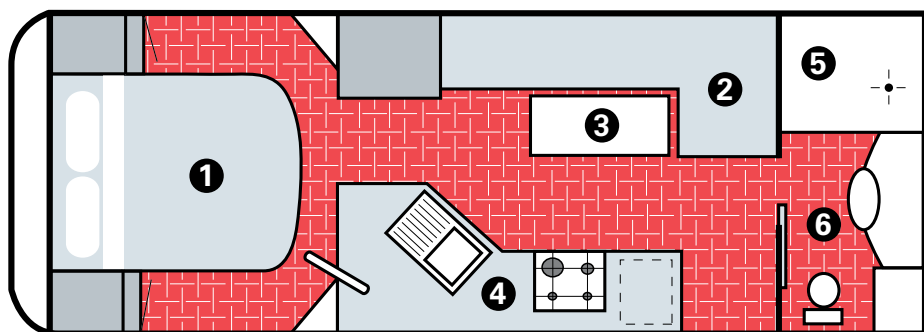

The bedroom is quite spacious

Ceramic vanity basin in the bathroom

THE WINDEYER IS VERY STYLISH AND WELL FINISHED
