QUICKSILVER
BY LIVIN LITE

PATENT
Pending
Design!

Introducing the ultimate in flexibility - the all-new VRV camper from LIVIN LITE! The VRV (Versatile Recreational Vehicle), is a unique combination of a cargo trailer and camper! Featuring QUICKSILVER's famous ALL-ALUMINUM construction, the VRV is built to stand the test of time while offering the lightest trailers on the market. Unlike other cargo trailers, which are built using steel and plywood (which rusts and rots) - the VRV offers the ultimate in lightweight versatility, with more than enough room for your motorcycle, full size ATV (with roll cage); golf cart; scooters; and more - all in an insulated and finished coach! Choose from a variety of exterior colors, each highlighted with rugged diamond plate trim, aluminum floor planking, aluminum frame; sidewalls and roof trusses. Even the cabinetry is aluminum!

**THIS 8.5 x 16 MODEL
WITH LIVING QUARTERS
AND TWO TIPS OUTS
WEIGHS ONLY 2,500 lbs!**

Model QSVRV8.5X16 w/Living Quarters.

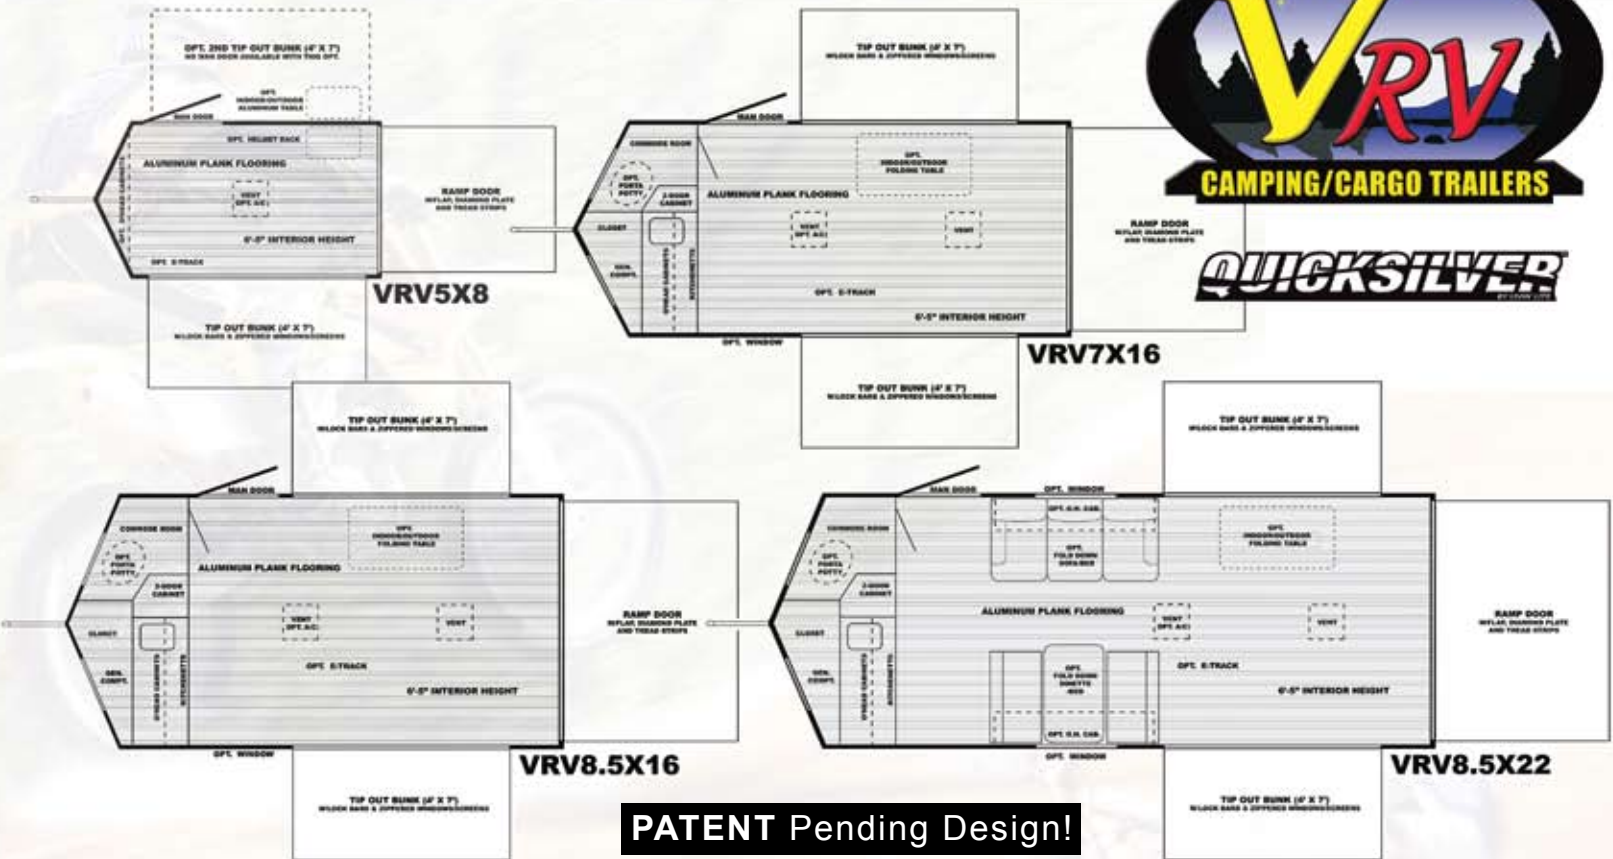

ALL ALUMINUM CONSTRUCTION!

The entire structure - including the frame, floor decking, and cabinetry!

The VRV from LIVIN LITE RV comes in a variety of floorplans and sizes so there is sure to be a model that will your family's needs perfectly. Choose from a 5x8 single tip-out model (shown here) to a 8.5x22 model with optional fold-up sofa/bed and fold-up dinette that also makes into a bed - allowing you to sleep up to eight (8) adults comfortably!
